Student Success

Congratulations to Year 12 student Daniel Grosskoph who last week not only found out that his Drama Set Design would be used in the Foyer Exhibition for OnSTAGE, but also that his major work in Art was being considered for the HSC ArtExpress 2015 exhibition that will tour state and regional centers next year. While the final selection has yet to take place, nomination usually means that the piece is considered exemplary by the HSC markers. This means that Daniel is almost certainly guaranteed a Band 6 in his HSC. Well done to Daniel and my thanks to Mr Montgomery for his support of Daniel, and indeed all the Drama students, throughout the HSC year.

In the Industrial Arts area Mark Bailey and Omar Gomulwal have had their Major Design Projects nominated for consideration in the InTech 2015 exhibition. If selected, the boys will have their work on display at the Sydney Timber and Working with Wood Show next June. Congratulations to both boys and to their teacher Mr Cooper for the outstanding job. Well done.

Lara Azzopardi of Year 7 has been selected as a member of the National Women’s 18U Ice Hockey Team to participate in an International Series being held in Melbourne from 11th – 19th December. The event will involve Lara participating in 5 Ice Hockey games and Youth Olympic Trials. Lara has been selected as she demonstrates talent and potential for development as an elite player and will hopefully see her compete in a World Championship event someday. Congratulations Lara and good luck.

2015 Prefects

This year we had a record breaking number of nominations from Year 10 students who wanted to be Prefects in 2015. There were 35 students who threw their hat in the ring for the 16 coveted positions. Voting was tight and some students missed out by only a few votes, testament to the year group who found it hard to choose between the candidates. Congratulations to the 2015 Prefects; Ranuli Athauda, Stephen Burns, Brendan Carroll, David De Angelis, Benjamin Eden, Lachlan Ford, Rachael Ivers, Emily Jenkins, Rohan Kadan-Smith, Rachel Logozzo, Timothy Martin, James Norcott, Holly Palmes, Sophie Richardson, Katrina Swavley, Paige Van Aswegen.
Year 12 Formal

On Wednesday evening we had a very enjoyable Year 12 Formal held at Madison House in Dural. All our young people looked so different in all their finery. The girls were stunning and the boys looked very handsome indeed. The management approached me towards the end of the evening to congratulate our students on how polite, respectful and pleasant they were. While this was not unexpected, it is nice to hear and to know that staff at Madison will have only positive things to say about our school. Congratulations to everyone for being part of a fitting and wonderful end to 13 years at school.

Christina Bennet
Principal
Year 12 Formal
On Wednesday evening, the Year 12 Formal was held at the Madison Function Centre at Dural. The evening was a resounding success, and all students I have spoken with since have told me that the evening was everything they hoped for, though the night did go too fast.

The boys looked splendid in their formal attire, and the girls presented themselves so well, that I can honestly say I didn’t recognise some of our students as they looked glamorous and mature.

I would like to take this opportunity to congratulate the students on the way they represented Model Farms High School. The night was full of food, friendships, music and dancing. I would also like to thank the staff who attended the evening and especially those who fronted early next morning to set up the Year 11 Recognition Assembly. A special thankyou also to Mrs Munroe, for her tireless work as Year Adviser, and to Mrs Lumley, for taking on the night’s coordination and MC duties as Mrs Munroe was HSC examination marking for the early part of the evening.

Week 6 Award Winners
Congratulations to the following students who were presented with awards at the Week 6 Senior Assembly.

Year 8 and 10 Recognition Assembly
The Year 8 and 10 Recognition Assembly will be held at 8:45am on Tuesday 9 December. Invitations will be sent home in the coming weeks to families of students being recognised for their achievements on the day.

Have a wonderful week,

Mark Grady
Deputy Principal
Year 11 Recognition Assembly
On Thursday the Year 11 Recognition Assembly was held. It was a fantastic morning that recognised the outstanding achievement of Year 11 students. I would firstly like to congratulate all of our talented students, who have either received awards or performed in front of their peers. The assemblies have been nothing short of fantastic and I would like to take this opportunity to thank Mr Montgomery the Year Adviser for his effort in coordinating this event.

NRMA Visit
On Thursday a number of students in Year 11 were privileged to take part in a pilot of a new NRMA initiative to teach young people about the importance of regular self-checks of their car. This includes checking tyre pressure, oil and water levels, lights, windscreen washer fluid etc... All students found this information session to be useful and all commented on how much they learnt – including Mr Montgomery who found that his tyres needed air!!!

The NRMA gave the students a number of brochures with important information about breakdown safety and what to do at a crash site. I have included copies of this information in this newsletter. Please share this new your children as they start to drive by themselves.

J. Pledger
Deputy Principal
NRMA MOTORTING & SERVICES
GLOVEBOX GUIDE
WHAT TO DO AT A CRASH SCENE

- Before assisting anyone you need to be safe. To protect the victims of a crash and other road users - ensure the scene is safe by positioning your vehicle so it stops another vehicle from getting too close to those injured or rescuers. Doing this must never endanger those in your own vehicle.

- Ensure you call 000 and prepare for the arrival of emergency vehicles. As much information as possible is required by emergency services. An ambulance will be on its way while you are still being asked questions.

- Location details are essential to make it easy for emergency services to find the crash scene. Crashes don't always happen at a location that pinpoints where you are. If an address isn't available, provide landmarks and appoint someone to meet the emergency crews as they arrive. Even if you have no first aid experience, there are things you can do to improve the possibility of survival of victims who are hurt.

- Don't move someone from the position you find them in unless they are at serious risk of further injury. Many people are moved from the road or cars before being assessed by a medical professional - this could make their injuries worse. One exception is an unconscious victim who may die because their head is slumped forward blocking their airway, preventing them breathing. PTO

The risk of a spinal injury is outweighed by the need for the victim to breathe. Gently support the victim's head and lift their head to the 'normal' straight ahead position. Hold the victim's head in this position until medical assistance arrives. Up to 12% of motor vehicle crash deaths have been attributed to a blocked airway.

- If being in a damaged vehicle or on a roadway isn't causing life threatening problems for the victim stay with them until help arrives but don't move them unnecessarily. Simply staying with someone who has been injured can make the world of difference for their comfort and distress levels.

Common dangers at a crash
- Other vehicles, electrical power lines across the road or vehicles;
- Debris and fluids from damaged cars;
- Fire - very few crashes cause vehicles to catch fire and even if they do, they are not likely to cause an explosion.

Access - people need to move their vehicles to allow emergency vehicles to get as close as possible to the crash site.

Motorcyclists - don't remove their helmets unless you are trained in first aid. Helmets only need to be removed if the rider is unconscious or in need of assistance with their airway or breathing. They may have a head or spinal injury and removing the helmet may worsen the injury.

Driving

Breakdown safety
Glove box guide

Tips for staying safe in a breakdown
1. Find a safe spot to pull over such as an emergency breakdown area.
2. Park your vehicle as far to the left as possible.
3. Always activate your hazard lights.
4. Activate your parking lights in poor light.
5. Call roadside assistance on your mobile phone or use a roadside emergency phone.
6. When leaving your vehicle always check for traffic.
7. Leave your vehicle from the passenger side if possible.
8. Avoid crossing the road at all times.
9. Stand clear of the road. Move behind a safety barrier if safe.
10. Stay in your vehicle with your seatbelt on if it’s not safe to leave.

Remember
• Check your fuel, oil, water and tyre pressures (including the spare) before a long journey.
• Carry a high-visibility vest, warning triangles and a torch inside your vehicle.
• Breakdown lanes are only for breakdown situations.
• Use a rest area for making social phone calls, toilet stops or attending to children.

Special breakdown situations

Breakdown on a freeway or country road
• Always activate your hazard lights.
• Activate your parking lights in poor light.
• Call roadside assistance or use a roadside emergency phone.
• Move behind a safety barrier if safe to do so.
• Avoid crossing the road at all times.
• Do not change a tyre yourself, wait for roadside assistance.
• Stay calm, help may take longer to arrive on a country road.
• Let roadside assistance come to your vehicle and follow their instructions.

Breakdown in a tunnel
• Always activate your hazard and parking lights.
• Do not get out of your vehicle.
• Keep your seatbelt on.
• Stay calm, major tunnels are constantly monitored and operators will send help.
• Listen to your radio for instructions from the tunnel operator.

If you see a breakdown
• Slow down to about 30 km/h below the posted speed limit.
• Avoid crossing the road if you are helping someone.

The Uniform Shop will NOT be open on the first days of school 2015
Congratulations to the following English & Drama Faculty Merit Award recipients:

Year 7: Mahroo Khazaee
Year 8: Ethan Holland and Jayden Wright

**Year 8 Speeches**

Teachers of Year 8 have been very pleased with the quality of speaking tasks that were presented during Week 5. This was Year 8’s final English assessment for 2014 and they certainly finished the unit of work with a bang. The students have taken on board the range of speech devices that were examined at the start of term. They have overcome their nerves and addressed their classmates with confidence, which was excellent to see. Here is the script from one of our students, **Liam Duncan**, who presented a convincing argument on the need for a violence-free virtual world. He wrote on a topic that he was passionate about and did so with clarity and conviction in his views. Well done, Liam.

```
Hello Year 8 and Miss Estacio. Today I will be talking to you on the topic of TV and computer game violence. I have a dream that, one day, children and adolescent youths will not be exposed to the horror and violence of the virtual world. I have a dream that the programs being streamed on air this very instant will one day be both entertaining and appropriate to audiences of all ages. I have a dream, Year 8, that one day TV will be violence-free.

Both kids and teens are very impressionable. They learn and behave like the people and things around them. For example, a normal child eats, sleeps and goes to school but most of all, he learns from his surroundings and absorbs everything around him. Now imagine throwing in a highly violent computer game. What effect will this have on his brain? The answer: not good.

In 2007, a 17-year-old boy shot and killed his mother, and severely wounded his father because he thought they would “respawn”. Watching and playing these games can highly increase an individual’s aggression and anxiety. Would you want this for a family member or friend? NOW is the time to farewell violent TV and computer games for good.

Violent TV and video games can become very addictive, very fast. One day, you will be outside and enjoying life, then you discover Call of Duty and you’re stuck in your room 24/7. Studies show that over 97% of the US’s teens play video games. You fail to complete set homework tasks, and relationships with friends and family slowly disintegrate. Scientific studies have shown that staring at a screen for too long can impair your vision and impact the normal functioning of your eyes. Would you trade your eyesight for a measly game? I know I wouldn’t, but many people would and do. We **must** shed aggressive media from our lives like a snake sheds its skin.

Violent and aggressive TV and video games can have a prominent psychological effect on youths, such as increased aggressive thoughts, angry feelings and over-excitement. These are all negative effects that can have a detrimental impact on a child’s development.
```
effects that can impair a child’s future. This should no longer happen. Educational games and programs should replace violent ones, while still being just as entertaining! I ask you, I beg you; get rid of these programs. This is my dream, Year 8.

It begins with you, taking small steps, watching TV for one hour a day, instead of two. Or, stick with PG or M-rated games instead of MA and R. They are restricted for a reason. Don’t let these programs influence your behaviour or thoughts, and especially don’t let them run your life. This is my dream today… Thank you.

---

SPORTS REPORT

OUTSTANDING TENNIS RESULTS

AMIR HASHEMPOUR (Year 8), CONNOR WOOD and KEIGAN WOOD (Year 10), recently represented the SYDNEY WEST TENNIS TEAM at the NSWCHS TENNIS CHAMPIONSHIPS. There were 8 boys selected in the team, Model Farms having the largest contingent. The SYDNEY WEST TEAM PLACED 5TH AT THE CHAMPIONSHIPS. CONGRATULATIONS TO AMIR, CONNOR AND KEEGAN ON A FANTASTIC EFFORT!!
Year 9 Camp to Collaroy

Year 9 students spent 3 days in The Collaroy Centre, at Collaroy Beach, on Wednesday 5th November till Friday 7th November 2014.

This camp has been planned to develop a sense of identity and team building skills through team building activities.

Students have enjoyed all the activities and left a great impression of an excellent behaviour and helping each other through team work. Well done Year 9!
Year 9 Camp to Collaroy
FROM THE FACULTY THAT COUNTS

Congratulations to the following Maths merit recipients:
Year 7
Liam Morgan, Sonaali Sivakumar.

This week’s news
Assessment:

Years 7, 8, 9 and 10 have all completed their Yearly Exams. Their teachers are now busily writing the reports for these years. We would like to remind students and parents that equipment (pens, pencils, calculators, rulers, geometry sets) must not be shared in examinations. Students must supply their own equipment.

Year 11 will be completing their first HSC Mathematics assessment task in week 9 of this term, which is now less than three weeks away. Year 11 students should be regularly revising their notes and preparing for these important assessment tasks in their home study times.

Years 7, 8, 9 and 10 still have several more topics to study in order to satisfy their completion of their courses. It is still very important that all students continue to focus on their studies and that they realise that what they are doing is also important preparatory work for next year.

Calculators:
Please make sure that all students have their own calculator. The Casio fx-82AU is sold at the uniform shop for $35. Different brands of scientific calculators work differently and it is important that everyone in a class has the same calculator. Students need this calculator from Year 7. It is vital for their progress that students are familiar with their calculator and know how to use the different functions.

Coming Events
Year 10 Luna Park Maths Excursion

Notes have been given to Year 10 students in regards to the Luna Park Excursion on Friday 5th December 2014. This is a reward for students who have completed all of the necessary requirements of the Stage 5 course. Payments are required by 21st of November.
Free Maths Tuition:
Free Maths tuition is provided every Thursday afternoon after school from 3pm to 4pm. Years 7 to 10 are in room 8-07 and Years 11 and 12 in 8-06. It is fully supervised by the Mathematics Faculty.

Fun with Maths
Select digits from 1 to 9 to complete the figure below. The product of numbers in the circles connected by the different lines must be equal.

Have a Mathematical week,
From Jackie Dalton and the Maths Faculty Staff
9 Geography Larken Avenue House Survey

Year 9 Geography are currently studying Baulkham Hills as a case study of a local community. As part of this study, 9G5 took a short excursion around the block to survey the houses on Larken Avenue. They used recording sheets to note features such as building materials, roof materials, number of stories, types of cars and overall Condition of the properties. They then returned to the classroom to graph their results and write a short report on the characteristics of houses in their local area. This activity then leads on well into a documentary comparing Baulkham Hills with Cabramatta and Lakemba.

J.Barons, Geography Teacher
Remembrance Day
This whole school event was conducted on the 11th November and organised by Mr. Jimenez. The students hosting the event were Year 9 students, Matthew Hannah, Abbey Sim and Abbey Wilkins. Abbey Wilkins gave the address outlining the contributions of Australian forces in World War 1 and the terrible losses in that conflict. Matthew Hannah spoke of other conflicts Australian Defence Forces are engaged in, including the current Middle East war against terrorist forces. Katrina Swavley and Kaitlyn Findley of Year 10 mentioned the MFHS students and teachers that this year visited sites of former battles in Franc and Belgium. The students stood for the playing of the “last post” and the National Anthem and one minute of silence to remember all those who gave their lives in defence of the values that Australians support.

Year 10 Fieldwork Competition.
Earlier in the year all Year 10 did fieldwork in their local area. The Geography Teachers association of NSW is organising a competition for fieldwork. Students who want to enter what they did as a Geography fieldwork task can see Mr. Weingarth by Friday 24th November at the latest.

Year 7 Mangroves/Wetlands Excursion
All Year 7 will be attending this day of fieldwork on 25th November. This gives our students first-hand experience of an environment facing threats, using various methods of testing and evaluating results in the field. Payments and permission note need to be in by the due date stated on the information form.

Year 10 Reports
Half of Year 10 are currently doing History and half are doing Geography. Their reports reflecting success in class, assignments and exams are currently being written by their teachers. Advice is also given about areas that can be improved, which will now really apply to studies next year in Senior school. All set tasks still not handed in need to be given to Year 10 teachers even though they will not be given marks that count towards reports.
Apprenticeships

- Apprentice Cabinet Maker x 1 (2nd - 3rd) - Cert III in Cabinet Making - Five Dock
- Apprentice Furniture Polishers x 5 (1st/2nd/3rd/4th Year) - Cert III in Furniture Finishing - Smeaton Grange
