Student Success

Congratulations to our Year 10 Drama students who were outstanding at the 2014 NSW Public Schools State Drama Festival last week. This festival auditions and recognizes excellence in the performing arts field and it is a credit to the school that our students are chosen each year. Mr Mongomery and the students work extremely hard to ensure that each performer has an opportunity to showcase their skills and talents and all that hard work pays off when they receive these accolades. Well done to all students
In Focus Evening
We had a very good attendance at our In Focus seminar on Tuesday evening. The night is designed to provide information that will help Year 12 students and parents survive the stresses of the upcoming HSC and the best way to do that is to speak from a base of experience. We made the decision to bring this evening forward into term 4, the start of the actual HSC year, because students have already started assessment tasks in this term and students need to be encouraged to take things seriously so that they do not miss out on valuable marks by not being focussed:

Liam Campbell, our outgoing 2014 School Captain, actually completed his last HSC exam on Tuesday afternoon and was thrilled that he was now able to celebrate. Liam's advice was mainly directed at our students and included:

1. Practice writing responses and get feedback from teachers so that you know what to improve and how to do it.

2. Maintain focus, avoid laziness, take school more seriously, don't create a hill to climb

3. Work not only during term time but throughout the holidays as well.

4. Don't cram at the last minute and don't over study 5. Keep up with Sport or Hobbies - it keeps the mind and body fresh.

5. Do enjoy your last year and get to know the people in your year group better before it is time to leave.

Mrs Mc Menemy, mother of our new School Captain Andrew, is a seasoned HSC parent having had 2 students complete it already. She echoed advice we have heard many times before.

1. Keep it in perspective. Parents and students should remember that the HSC year is just another year at school.
2. Try to create a quiet environment at home, feed them regularly and recognise their successes and try not to be too harsh when they might do the wrong thing - we all make mistakes.

3. Be aware of stress; listen, be there for them, and accept the occasional lash outs. Be realistic in the expectations of the HSC. Expect a few explosions of emotion. Encourage resilience - a good year to look at this, it will shape what they become!

I would like to thank each of our guest speakers for contributing on the night and appreciate their words of wisdom and advice.

**Smart Travelling**
Is your child heading overseas after finishing their HSC? Schoolie destinations are getting more and more exotic and these days we see more than just the Gold Coast as the preferred destination for the post exam celebration. Regardless of where our young people travel to, whether it be Bali, Fiji, Europe or the Americas, we strongly suggest that they consult safety advice on the Australian Government’s Smart Traveller website before they go. Remember the old adage “better to be safe than sorry”? Find out more: [http://smartraveller.gov.au/tips/schoolies.html](http://smartraveller.gov.au/tips/schoolies.html)

Science and Mathematics Conference
Last Friday, I had the pleasure of delivering a workshop at the LMC Science and Mathematics Conference in Parramatta, attended also by Ms Hoy and Mrs Dalton. During my talk, related to my job, I spoke of the importance of the 3 R’s, being relationships, relationships and relationships. As an educator, working effectively with staff, students and the community is based upon connections, presenting yourself in a professional manner and explaining why decisions are made. Not everyone may agree with the course of action taken, and that should not be the purpose of the decision, though through fostering positive relationships, the vast majority of people will understand and work with you to achieve a common goal.

To work effectively with others, including students having positive peer relationships, can at times, require effort. Reminding ourselves of the person we want to be and nurturing these assets is highly important. The picture below is a small reminder of the pivotal role we all play in the relationships we have with others, both in a work and social context.

Dropping Students at School
Please be reminded that the small car park off Redmond Avenue is not designed for the dropping off and picking up of students in the general community. There are a small number of students who have designated transport to use this facility, as well as parking spots for the Principal, Deputy and General Assistant. Although there is one visitor car parking spot, there is an increasing number of parents who are using this facility to drop off or collect their children. As students often walk through this area, this can create a safety concern. Please arrange to meet your child at an alternate location.

Have a wonderful week,
Mark Grady
Deputy Principal
Model Farms and BYOD

Since the introduction of the Digital Education Revolution in 2009, the DER program successfully delivered over 250,000 laptops to Year 9 students, installed wireless access points in over 21,000 learning spaces, provided professional learning experiences to teachers and leaders across the State, developed more than 250 online resources and supported schools with 560 school based Technology Support Officers.

The Digital Education Revolution program provided staff and students with access to the latest notebook devices to support and enhance student learning. In 2013, the DER program distributed the final rollout of 63,500 laptops. The school acknowledges the importance and benefits of integrating technology in the classroom.

With many students already having access to devices such as laptops and tablets, the Bring Your Own Device (BYOD) program is a way of continuing the current 1:1 computer to student ratio. Bring Your Own Device is a technology model where students bring their own device to school for the purpose of learning. These devices are part of 21st century living and integral to learning 21st century skills, such as communication, creativity and collaboration.

Information and communication technology is an element of the general capabilities of the new NSW syllabus and is becoming increasingly integral in a number of areas of learning. The Australian curriculum notes the following about ICT:

- "Students need to use ICT to access, create and communicate information and ideas, solve problems and work collaboratively."
- "ICT systems need to suit the student and the task, while the student needs to develop an understanding of what the machine can do and an appreciation of the limitations under which it operates."

To help Model Farms High assess the viability of a BYOD policy at our school and the most appropriate option for our school community, we ask your assistance in completing the following short survey.

https://www.surveymonkey.com/s/BR2LST9

In Focus and the HSC

On Tuesday Model Farms ran a very successful In Focus night for our new HSC students. There were two very informative presentations by Mrs McMenemy and Liam Campbell. Both gave great advice for both parents and students on how to succeed during Year 12.

I gave presentations on Rules and Procedures as outlined in the HSC Assessment Booklet, study skills and Important Dates for the HSC. Copies of the presentations can be found at:
Some key points about the HSC Assessment Policy:

- Each student is expected to complete all assessment tasks.
- Assessment tasks take precedence over all other school activities, including excursions, competitions and sporting events. Under special circumstances the Principal may grant exemptions.
- Apart from exceptional circumstances, holidays are not grounds for an Illness or Misadventure Appeal.
- Broken storage devices, computer printing problems and any other computer issues will not be accepted as valid excuses for late work. All computer work should be backed up on a consistent basis.
- If a student is absent from an assessment task or fails to submit a task on the due date, a mark of ZERO will be recorded until the result of an appeal is determined.
- If a student is absent from an assessment task or fails to submit an assessment task on the due day, proof of illness must be produced.
- Students must attend all classes on the day an assessment task is due. Students are not permitted to turn up late because they have been working on the task. A mark of zero will be imposed if this occurs, unless the necessary documentation (Illness and Misadventure Form) is provided.
- Students absent from Half Yearly, Yearly or Trial examinations must contact by phone the relevant Deputy Principal on the day of the exam to notify them of their absence. Students must be ready to complete the examination on the next available day during the exam period. Students are required to complete an Illness and Misadventure Form and provide the appropriate documentation.

Have a good week,

Jennifer Pledger
Deputy Principal

YEAR 8 SPEECHES

This term, Year 8 have been studying speeches: why they are written, who writes them and how they are presented. 8EE were recently given the task of presenting speeches to the class based on topics selected on the day. They had half an hour to prepare their speech before students were chosen at random to speak at the front of the room. Vada Agustin, Jake Nicholson, Emil Bluemel, Mia Maguire, Jasmine Billett, Emily Deschacht, Lance van Doorene, Regan Hill, Chuanting Chao and Lauren Nowacka stood before their classmates and rose to the challenge of speaking about their topic for at least one minute. Each of them spoke with confidence and excellent voice projection. They utilised a variety of speaking devices to engage their audience, including anecdotes, repetition, rhetorical questions, humour and real-life examples that their peers could relate to – all tools of effective public speaking that were found in the range of political, humanitarian and entertainment that we have studied in class. I am looking forward to hearing their ‘I have a dream…’ speeches to be presented during the Year 8 exam period in Week 5.

Ms Estacio
Do you want to see the world? Are you keen to push your boundaries and grow as a person? Could you see yourself living overseas as an exchange student in 2015? With over 20 different English and non-English speaking countries to choose from, the hardest part is choosing where you want to go!

**WEP Australia** is holding our final information evening in **Sydney on the 10th of November**, and we’re inviting interested students and parents to come along! It is a fantastic opportunity to find out everything there is to know about WEP’s not-for-profit student exchange programs to more than 20 countries around the world! With returned students attending the session, you can hear first-hand what it is like to go on exchange.

**WEP STUDENT EXCHANGE INFORMATION EVENING**

**When and Where?**
Surry Hills Neighbourhood Centre  
Level 1, 405 Crown Street  
SURRY HILLS NSW 2010  
10 November | 7:30-9pm

**Why Go On Exchange?**
Becoming an exchange student will break you out of your shell. You are given the opportunity to not only learn and discover things about another culture, but also become aware of, discover and appreciate your own. By living overseas as an exchange student, you will be challenged, educated and undoubtedly rewarded. Aside from language acquisition (for non-English speaking countries) and knowledge of another culture, student will gain invaluable skills that future employers will look favourably on. So get on board! Join the 1000s of other students who have joined the WEP community, and ventured overseas as an international exchange student.

**Can’t Make It?**
Visit [www.wep.org.au](http://www.wep.org.au) to request a FREE information pack for you and your parents. Our brochure contains everything you need to know about WEP’s not-for-profit student exchange programs to hep you and your parents make this important decision

See you there! – The WEP Team
2015 Drama Ensemble Auditions

If you are interested in auditioning for the Junior Drama Ensemble (Yrs 7-9) or the Senior Drama Company (Yrs 10-12) for 2015 APPLICATIONS ARE NOW OPEN!

These ensembles are held after school and teach students how to enhance their acting skills through fun and engaging workshops where they read and interpret scripts, work on developing and harnessing vocal control and dynamics and physicalising a role for the stage.

- **Junior Ensemble** focuses on developing acting skills and collaboratively devising a performance to audition for drama festivals and audition for a place in *Fame at the Farms*. Past ensembles have had the opportunity to perform at the *Joan Sutherland Performing Arts Centre* and *River side Theatre*.

- Whilst **Senior Drama Company** members will present a professional scripted theatrical production, which they will rehearse and present to parents, friends and the wider community. There may also be other opportunities for students to devise and perform throughout the year.

- See Mr Montgomery in the English staffroom for more information and to collect an audition form.
- Applications will close mid November.

Congratulations to the following Maths merit recipients:

Year 7

Maddison Pritchard

This Week’s News

Yearly Examinations for Years 7, 8, 9 and 10

Years 7, 8 and 9 have now completed their Yearly Examinations. Teachers are now marking exams and are starting to write the Yearly reports.

Please make sure that your student brings their own mathematics equipment (pens, pencils, calculators, rulers, geometry sets) for their Yearly Examinations. Equipment MUST NOT be shared in the exams.

The timetable for the Mathematics Yearly Examinations is as follows:

<table>
<thead>
<tr>
<th>Year 8</th>
<th>Thursday 6th &amp; Friday 7th November</th>
<th>One non-calculator &amp; one calculator paper</th>
</tr>
</thead>
</table>

Students in Year 8 should be revising their work and if they have any problems with any topics, they should contact their teachers. Remember that Mathletics is a very good resource to use and it is provided at no cost to families thanks to the fundraising efforts of our P&C.

Calculators:
Please make sure that all students have their own calculator. The Casio fx-82AU is sold at the uniform shop for $35. Different brands of scientific calculators work differently and it is important that everyone in a class has the same calculator. Students need this calculator from Year 7. It is vital for their progress that students are familiar with their calculator and know how to use the different functions.

Free Maths Tuition:

Free Maths tuition is provided every Thursday afternoon after school from 3pm to 4pm. Years 7 to 10 are in room 8-07 and Years 11 and 12 in 8-06. It is fully supervised by the Mathematics Faculty.
Fun with Maths

A king shared all of his worldly possessions between his three sons in the following way:
Eldest son $\frac{1}{2}$, middle son $\frac{1}{4}$ and youngest son $\frac{1}{6}$.

If he gave 11 camels to his three sons, how should they be divided?

Last week’s answer
Answer to last week’s problem: A farmer wishes to plant six trees in four rows so that each row contains three trees. How can this be done?

Have a Mathematical week,
From Jackie Dalton and the Maths Faculty Staff
Fun with Maths
BRICKLAYING CAREER

Great career opportunities are now being created by the increase in building activity in Sydney within the commercial and domestic markets. Buildings and bricklaying contractors are looking for young people to build a strong workforce as housing and public works growth continues.

There is a serious skills shortage in the trade of Brick and Blocklaying and it is ABBTF’s role to address this shortage. Young, motivated people are very much in demand to start their Construction career with this Apprenticeship.

Students considering their future should be aware that starting an apprenticeship in bricklaying can lead to many successful careers in construction. After completing an apprenticeship in bricklaying, a young person can work in the trade and choose to run his/her own business as a sub-contractor, become a self-employed builder, a project manager, a construction manager and more.

Do you have suitable candidates at your school?

Students will be currently focused on final exams however, career staff may identify good candidates who like to work with their hands, work outdoors and enjoy the satisfaction of building.

Please encourage interested students to send a resume to ABBTF stating a genuine reason for wanting a bricklaying apprenticeship inclusive of any other relevant information in terms of skills, knowledge and personal attributes. A complete range of information about the trade is available at becomeabricklayer.com.au and view our video on the Top 10 Reasons to consider bricklaying.

Student Criteria

The most important ingredient in a successful apprenticeship outcome is motivation and the willingness to listen and commit for the duration of the four year apprenticeship. There are important and valuable skills to acquire which test the apprentice, but willing employers and trainers with experience in teaching young people are ready to get involved.

What we need

A resume is required from the student providing at least, contact details, age, any work experience, personal interests and a reason why this career step may appeal.

Please also send this email onto parents and students who may be interested. I am available to take queries from you, from parents or from students via email, ideally with a resume sent to me at john.white@abbtf.com.au Or call me on 1300 66 44 96.

Career Advisors can access further resource materials on exploring Bricklaying as a first step into Construction at www.becomeabricklayer.com.au

Yr 10 Geography
- Semester Exam Friday 14/11/14

Year 11 HSIE Assessment
Yr 11 has now begun their 2015 HSC courses. Just a reminder to the students that over the coming weeks they will begin to receive their first assessments for the HSC course.

Last week’s Geography Question:
What is:
Llanfair-pwllgwyn-gyllgo-gery-chwyrn-drobwll-llanty-silio-gogo-goch ?
and where is it?
Answer: Congratulations to Mrs Martinkovits in the front office for correctly identifying this town situated on the Menai Strait in Wales.

This week’s Geography Question:
Which African region became a nation on July 9th 2011?

YEAR 8 MEDIEVAL DAY
Thanks very much to James Adams for bringing his extensive medieval collection into MFHS. The attending Year 8 students thoroughly enjoyed the opportunity to interact with a variety of medieval weapons and clothing.
MULTICULTURAL DAY

When

28th of November
From lunch till 3pm

Where

School grounds, $5 passes for food available on the day in the Quad

Activities

• Sumo wrestling
• 6-side soccer
• Cultural fashion parade
• Food stalls in the quad and between block 7 and 8
• Dance performances
• Music

TIME: 6 to 9pm
LOCATION: Blacktown Family Relationship Centre
Level 2, 125 Main Street, Blacktown
COST: $20 per person

To make a booking, or for more information please call: (02) 9806 3299
Single with Children
A non-profit social group operated by the Single Parent Family Association

ARE YOU A SINGLE PARENT?

Every week Single with Children provides fun and exciting activities especially for single parents and their children (many activities are subsidised or even free)

It's a great way to meet and get to know people in your area

To find out more and get a FREE copy of our social calendar, contact us today.
