ISSUE 15

Term 2 – Week 4  Monday 26 May 2014

FROM THE PRINCIPAL

Student Success

Congratulations to Emma Harris of Year 10 who sailed in the recent Combined High Schools Sailing Championships held in Belmont, NSW during the school holidays from April 12 to April 16. There were nearly 125 boats competing in a number of classes and Emma was among 10 boats in the Laser Radial class. Emma’s skill and performance earned her a second place overall despite some very close racing. Well done Emma, your smile says it all.

Congratulations to the students from our Support Unit who last Friday took part in the Jamie Oliver’s live cooking class as part of a Guinness World record breaking attempt. To celebrate this year’s Food Revolution Day, Jamie led the biggest-ever live cooking lesson and our students joined with thousands of other students around the world to make his tasty, nutritious rainbow salad wrap, especially chosen with kids in mind.
mind. Through the educational group, TES Jamie’s live cooking lesson was streamed live and our students were extremely excited about being part of this global event. The Rainbow Salads looked wonderful and tasted even better!

**Think Global Act Local**
On Wednesday 3 of our Prefects, Emma Cuelho, Jopsephin Rizko and Christopher Lomberg, attended the Global Leaders Convention organised by World Vision at Luna Park and have returned inspired and motivated about what they heard and saw on the day. The Global Leaders Conventions (GLCs) are one-day events held around Australia for students to gain understanding in the complex issues of global poverty and hunger. They discover what poverty actually is, uncover an unequal world we live in and start the process of trying to change it.

They are designed to support learning outcomes that align with the general capabilities in the Australian Curriculum. Students gain knowledge and inspiration to contribute to lasting change in the world through informed action. Josephine and Christopher actually stood up in front of the large audience at the event and spoke about what they had got out of their attendance and what they hope to achieve through their new understanding of this tragic global issue.

**Parents As Career transition Support**
On Wednesday evening the School Council endorsed the school’s wish to establish a PACTS group at the school to assist our students transition into the workforce. The recent federal budget has seen cuts to community organisations that support schools with a myriad of services that support and advise not only schools but students as well. Their expertise will be a tremendous loss and we face the prospect of having to pay for services that are currently free to schools like ours. In order to plug the gap and to increase the amount of community and parental participation, we are seeking volunteers who would be willing to give one hour of their time once a term to sit with and talk to individual students who may be just starting to think about what they want to do when they leave school. Research says that if young people can have 4 – 5 conversations about careers then 85% of them experience a successful transition.

Volunteers do not have to have expertise in any one industry area or profession and will be offered 2 x two hour sessions with a facilitator who will outline the very simple tasks that volunteers will be asked to do. It really is just about sharing experiences and letting young people know there are others who care and who are willing to listen. If you are interested in volunteering, please contact Ms Woods, Mrs Crouch or myself and we can provide more information. We would like to start with a minimum of 10 parents and hope to have the program up and running by term 3.

**Athletics Carnival**
Yet another fantastic day was held at Blacktown International Sportspark Athletics Centre for our athletics carnival with glorious weather and some fine performances to celebrate. With national news reports saying that Australian young people don’t participate in enough sporting or physical activity, it was great to see that the students of
Model Farms High School refute that claim. A full report of the carnival will appear in a future newsletter.

**Trivia Night**
Please don’t forget to get your table organized for the Trivia Night on Saturday. The members of the P&C can guarantee a terrific night of fun and you can do your bit to keep the grey cells at bay by working your brain at some of the challenging questions. There’s something for everyone at the Trivia Night. If you haven’t booked a table then it’s fine to turn up on the night and pay then. Good luck everyone.

*Christina Bennet*
*Principal*

**GALSTON HIGH SCHOOL LIBRARY RE-BUILDING FUND**

On behalf of Galston High School, the Dural Chamber of Commerce has set up The Galston High School Library Re-Building Fund.

This account has been setup to receive donations from Businesses and the Community for the purposes of assisting in the rebuilding of The Galston High School library, which was lost to a fire on Monday 19th of May 2014. To contribute to this most important project please direct deposit your contributions to:

NAB Dural

BSB: 082240

A/C: 848027761

We appreciate all contributions, as they allow Galston High School to take full advantage of this important time with a view to the school getting back to normality as soon as possible.
FROM THE DEPUTY MS PLEDGER

Exams and Reflections
As our formal half yearly exam period finishes it is time for ALL students to reflect on their preparation for their exams. Students need to reflect on how they prepared for their exams and whether the strategies used were effective. This is particularly vital for year 11’s as they only have one more “trial run” with formal exams before their HSC starts. It is important that ALL students know what exam preparation techniques work best for them as not everyone learns in the same way. The following website may provide some more ideas of different study techniques.
http://www.schoolfamily.com/school-family-articles/article/826-what-is-your-childs-learning-style

Digital Thumbprint
This week our Years 7, 9 and 11 students have been involved in a workshop about safe internet practices.

Year 7: Digital Insight - Developing Discerning Users
This workshop brough to life the vital information students needed to become discerning internet users. It included topics on information security, online business models and terms and conditions common to software and apps.

Years 9: Digital Impact - Creating a Positive Online Identity
This engaging workshop focused on the impact students had on themselves and others, including how to help friends who may have been facing anti-social activity. Concepts covered included intention and impact, online identity and defending friends.

Years 11: Digital Ambition - Using Technology To Help With Study
In this thought provoking workshop, students were equipped with strategies to use technology to aid rather than distract from their ambitions. Concepts covered included productivity and time management techniques and online study resources.

With these workshops we equipped our students with the necessary information to ensure that they are discerning internet users, responsible digital citizens and how to make the most of study and employment opportunities by taking control of their online lives.
Some more facts about the Internet and Snapchat

If your children are using or begging to use the Snapchat app on their digital devices, the time has come for a conversation.

Kids love Snapchat because it makes them feel like they can have secrets, sharing them with others by choice, and occasionally venturing into out-of-bounds territory. They like it because it’s private. And they like it because everything self-destructs in a few seconds.

Well, not really disappear, because the digital footprints we make are never lost and are always lying around — often for a long time.

According to a New York Times article, Off the Record in a Chat App? Don’t Be Sure, the Federal Communications.Commission (FCC) has declared that Snapchat’s claims of disappearing messages and privacy are false. This is a good time to sit down with kids and review the situation — emphasising that none of us have much privacy anymore, no matter what app makers claim. The privacy which many pre-adolescents and teens thought that they had does not exist, according to Times reporter Jenna Wortham, who also goes into detail about the settlement with the FCC and the terms that Snapchat has agreed to.

Have a good week

Jennifer Pledger
Deputy Principal
FROM THE DEPUTY MR GRADY

Year 10 Course Information Evening
On Tuesday 10 June, the school will hold an information evening for parents and Year 10 students anticipating studying in Year 11 at MFHS in 2015.

After a welcome and short summary of the course selection process and English and Mathematics courses, guests will be able to choose to meet with faculty members or see presentations on VET courses, the ATAR and the HSC.

When meeting with faculty members, families will have the opportunity to discuss appropriate course choices, course requirements and aspects of senior study. Further information will be provided, along with an RSVP in the coming weeks.

Athletics Carnival
The school was very fortunate to have great weather for our annual Athletics Carnival. I would like to congratulate all of the students present on the day, for their positive behaviour and involvement in events. Congratulations also to Mrs Fountis, Mr Phegan, Ms Attenborough and Ms Miller for their organisation of the event.

Community Feedback
I was thrilled during the week to receive a phone call from a local resident, who wanted the school to know how lovely a group of our students were at the local shopping centre on Monday. These students went out of their way to ensure her disabled husband was provided a clear pathway as he moved through the centre. Well done to our fantastic ambassadors.

Have a wonderful week,

Mark Grady
Deputy Principal
## 2014
### TERM 2

#### WEEK 5
**Mon 26/05**  
Yr 7 Exam Wk  
Yr 9 Mathematics Half Yearly Exam(2)

Reach Program Incursion Yr 11  
12SAC Popular Culture Task due  

**Fri 06/06**  
Preliminary Drama Student Evening Excursion – Cyberbile  
Yr 7 Geography Excursion, Sydney Wildlife World and Aquarium
FROM THE FACULTY THAT COUNTS

Congratulations to the following Maths merit recipients:

**Year 8**
Chuanting Chao

**Year 10**
Laura Shanahan x 3

**Year 12**
Yvette Flory

This week’s news:

**Half Yearly Examinations:**
We are almost there! Week 5 is the last week of Half Yearly Examinations. Year 10 and Year 8 examinations have been completed. Teachers are all busy marking exam papers and preparing the Half Yearly Reports. Only Year 7 and Year 9 have yet to complete their Half Yearly Examinations now.

Below is a table showing the examination dates for Mathematics for the Half Yearlies for Years 7 and Year 9. A reminder that Year 9 will need their calculators for both of their examinations.

<table>
<thead>
<tr>
<th>Year</th>
<th>Paper 1</th>
<th>Paper 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>7</td>
<td>Tuesday 27th May</td>
<td>Thursday 29th May</td>
</tr>
<tr>
<td>9</td>
<td>Friday 23rd May</td>
<td>Monday 26th May</td>
</tr>
</tbody>
</table>

**The Model Mathematician**
The second round of ‘The Model Mathematician’ was be held on Tuesday 20th May. Two more rounds to go! This is a competition where two Year 5 representatives from each of our ‘feeder’ primary schools complete mathematical investigations with our Year 9 helpers. May the best team win.

**Free Maths Tuition:**
Free Maths tuition is provided every Thursday afternoon after school from 3pm to 4pm. Years 7 to 10 are in room 8-07 and Years 11 and 12 in 8-06. It is fully supervised by the Mathematics Faculty.

**Calculators:**
Please make sure that all students have their own calculator. The Casio fx-82AU is sold at the uniform shop for $35. Different brands of scientific calculators work differently and it is important that everyone in a class has the same calculator. Students need this calculator from Year 7. It is vital for their progress that students are familiar with their calculator and know how to use the different functions.
Fun with Maths
Of the numbers from 1 to 20, which four consecutive numbers add to 50? Which five consecutive numbers add to 50?

Last week’s question: If you have a sufficient supply of 5, 10, 20 and 50 cent coins, in how many ways can you change a $1 coin? How many ways can you change a $2 coin?
Answer: There are 45 ways to change a $1 and there are 241 ways to change a $2 coin.

Have a Mathematical week,
From Jackie Dalton and the Maths Faculty Staff

School Captains Visit to Parliament House

As school captains, on Thursday 14th May, Cassandra Easthorpe and I, Liam Campbell, were invited to attend the Annual Hills Young Leaders afternoon tea, held in the Speaker’s Garden at Parliament House, Sydney. At this event we had the privilege of interacting with leaders from other schools within the Hills area, and met several influential leaders including successful businessman and ministers from state parliament. This event was hosted by David Elliot MP, member for Baulkham Hills.

Both Cassandra and I left the afternoon tea with an enhanced idea of our own leadership roles within the community as a whole, and the qualities we possess in order to improve our ability as a leader of Model Farms High School.
FROM THE FACULTY WITH ABILITY

Support News - Jamie Oliver’s – Food Revolution Day 2014

The MFHS Support Unit participated in the Jamie Oliver’s cooking lesson for Food Revolution Day on Friday 16th May 2014. We were part of his attempt to break the Guinness World Record for maximum participants with students from over 121 countries who participated in a lesson simultaneously over 24 hours.

The students joined Jamie Oliver for the lesson in real time through a video link. The students were excited about cooking from scratch, starting with a variety of fresh produce. Through meticulous steps of scrubbing, grating, shaking and combining a variety of ingredients, we produced a wonderful Rainbow Salad Wrap.

It was a joy to see the students so engaged in every step of the production. The outcome was a fabulous, scrumptious and healthy meal!

*We are happy to have played our part of the Guinness World Record!!*
A big thank you must be given to Mrs Anna Varghese for providing MFHS students with this wonderful opportunity. Her co-ordination of the event was such an incredible success.
