FROM THE DEPUTY MS PLEDGER

Head Lice
Recently, the school has had information from parents that several cases of head lice have been identified. We are asking all parents to read this article, check your child's hair and follow the guidelines mentioned.

Mention head lice and most of us instantly develop an itch. You'll find these little critters at every school across Australia - and probably the world - at some point during the year.

While head lice and nits, (the eggs of head lice) are certainly annoying and persistent, they're not dangerous. Here's everything you need to know to rid your kids of head lice and nits.

Nitbusters' Myth Busters
- Kids with head lice don't always scratch. The only way to rule out infestation is to look carefully through your child's hair.
- Head lice are only found on the human head.
- Head lice and nits live in long, short, curly, straight, clean or dirty hair.
- They are not found on family pets.
- Shaving your child's head is radical and unnecessary!
- Head lice do not live on furniture, hats, bedding, carpet or anywhere else in the environment.
- Head lice don't leap or jump. They crawl from hair to hair, from one head to another.
- Treating anything other than the human head does not get rid of head lice.
- There is no way to prevent your child from getting head lice.
- You may be able to help reduce transmission by tying girls' hair back and braiding it.
Never use insecticides, methylated spirits or kerosene on your child's head.
Some essential oils, including tea tree oil, can trigger a reaction in some people. Tea tree oil is a proven antiseptic, but its effectiveness as a head lice treatment has not been demonstrated.
You don't need to use an expensive commercial product.
If you do decide to use a commercial treatment on your child's head, read the instructions very carefully.

**REMOVING HEAD LICE AND NITS**

**You will need:**
- a bottle of cheap hair conditioner
- a towel
- a thick tooth comb
- a fine tooth comb
- a roll of paper towels.

**Steps:**
Sit your child on a chair or stool in front of you. Wrap a towel around their shoulders to catch conditioner spill. (You may want to put a video or TV show on, as this process can take a while.)

Apply a cheap, pale coloured conditioner generously to your child's hair. Work it through to coat every strand of hair. For long hair, it may be easier to tie one side of the hair off, and work in sections.

Head lice breathe through small openings along their abdomens. By coating the hair and therefore the louse in something thick and slimy, these openings close over, shutting down the louse's breathing for about 20 minutes – long enough for them to stay still and be combed out.

After you've applied the conditioner, use a large comb to part small sections of the hair, starting from the nape and working upwards toward the crown.

When the hair is detangled and manageable, use a fine lice comb and run through each section several times. Eggs are often found behind the ears and toward the back of the head. By combing from the bottom of the back of the head up, towards the top and front of the head, you're more likely to find the head lice.

After each comb out, wipe the conditioner on the paper towel. If your child has head lice, you will see them on the towel (they're a little like small, brown, chia or sesame seed.)

Keep combing each section of hair until no further lice or eggs appear on the paper towel. Often you will see lots of old egg casings that may take a while to remove. Once you have combed and re-combed each section of hair, either re-plait or tie it back if it's long enough.
Head lice often congregate on the crown of the head, so it’s not until you reach these last sections of hair that you’ll find adult lice. However, heads that are severely infected will have adult lice everywhere.

Repeat at least twice over the next few days, until you can’t find any more in the conditioner. You’ll never be able to get all the head lice and eggs out the first time. However, in the days after your first treatment, the eggs will hatch and you’ll be able to catch the crawling nymphs (young lice).

The information from this article comes from the NSW Health Department’s Nitbuster Program.

**Parent Teacher Nights**
These nights are a valuable way to discuss with your child’s teachers about their progress. The main purpose of the evening is to:

- meet your son/daughter’s teachers
- inform you about your son/daughter’s progress
- ask teachers for advice about how you can best support your son/daughter
- identify any major concerns about your son/daughter’s progress
- identify whether a further interview is necessary

Year 10 and 11 – Tuesday 17th June
Year 7 and 8 – Tuesday 22nd July

**Have a good week**
Jennifer Pledger
Deputy Principal
INNER WHEEL MUSICAL EVENING

On Wednesday evening, I had the pleasure of attending the Inner Wheel Club of Baulkham Hill’s Musical Evening, hosted by Model Farms High School. The event showcased a huge array of talent from local high schools and primary schools and the performances were praised by all parents and teachers I had the pleasure to speak with.

I would like to make special mention of people from our school who played an integral part in the success of the evening. Thankyou to Mr Gardner for his organisation, the SRC led by Mr Keen and Ms Dunger for arranging a sausage sizzle, our fantastic sound, lighting and stage crew and our student performers on the evening including soloists, groups and members of the Hills Community Concert Band. Well done!

CONTACTING STUDENTS

I would like to remind all parents and caregivers, when contacting children throughout the day, to do so via the front office on 9624 3133. Please encourage your child to also follow the policy as stated on the school website and summarised below.

If a student brings a phone to school he/she must ensure the mobile phone is TURNED OFF (at all times) and NOT USED during school time, including lunch and recess.

The phone cannot be used at school for any purpose including video and audio recording.

The school takes no responsibility for the security of mobile phones. They are brought to school at the owner’s risk.

If parents need to contact students they are to phone the school on 9624 3133. Students must not use their phone to contact parents during school hours. In an emergency students can gain access to a phone by asking a member of staff.

The use of mobile phones at school can lead to problems such as:
- Security/theft
- Harassment
- Distraction in class
- Social division
- Cheating in exams
2015 Anzac Centenary
On Thursday, I had the privilege of representing MFHS at the Hills 2015 Anzac Centenary briefing at Castle Hill Country Club. To respectfully commemorate the 100th Anniversary of the Gallipoli landing, the Hills Shire will be providing a vast array of events and opportunities for students and families to participate in. These include writing competitions, wreath laying ceremonies and a competition with the prize of 10 days in Europe and Gallipoli. I look forward to Model Farms students partaking in these opportunities and supporting this wonderful initiative.

Year 10 Course Information Evening
On Tuesday evening, the school hosted the Year 10 Course Information Evening for study in Year 11 2015. Thank you to the staff members who gave up their time to support our students and families by offering advice and information and in particular, Ms Letherbarrow for the work she has done with our Year 10 cohort.

My initial presentation and the HSC/ATAR presentation have been uploaded to the school website and may be located here.

Students have also received their gold coloured course selection form along with their individual web code and instructions for online selections. Although not due until 21 July, I advise families to start considering the course options available and use the information contained in the Half Yearly Reports (issued on 12 June) to formulate a prioritised list of courses to submit on the gold sheet and via the internet.

Have a wonderful week,

Mark Grady
Deputy Principal

---
Congratulations to the following Maths merit recipients:

Year 7
Nicholas Chok, Laura Gilooly

Year 8
Jasmine Billett

This week’s news:

Year 10 Assignment:
Just a reminder that the Year 10 Water Assignment is due 16th June. The instructions have been given to all Year 10 students and they are to email their work to their class teachers by the due date. Computer problems are not an excuse for late submission as we have computers in the school library that students can use during recess and lunch.

The Model Mathematician
The fourth and final round of ‘The Model Mathematician’ will be held on Tuesday 17th June 2014. This is a competition where two Year 5 representatives from each of our ‘feeder’ primary schools complete mathematical investigations with our Year 9 helpers. May the best team win!!

Calculators:
Please make sure that all students have their own calculator. The Casio fx-82AU is sold at the uniform shop for $35. Different brands of scientific calculators work differently and it is important that everyone in a class has the same calculator. Students need this calculator from Year 7. It is vital for their progress that students are familiar with their calculator and know how to use the different functions.
Coming Events
Assessment Tasks for Year 11 & 12:
In week 8, 17th June:
• Year 11 Assessment Task 3 for 2 unit and Extension.
• Year 12 Assessment 2 unit and extension

Coming Events
Fun with Maths
If you have cards with digits from 0 to 9, one card for each digit, complete the calculation using all of the cards:

Last week’s question: Some numbers can be written as the sum of two integers squared such as: 13 = 2² + 3² or 26 = 1² + 5². Find all of the positive integers less than 50 that cannot be written as the sum of two squares.
Answer: The following numbers cannot be written as the sum of two squares: 3, 6, 7, 11, 12, 14, 15, 19, 21, 22, 23, 24, 27, 28, 30, 31, 33, 35, 38, 39, 42, 43, 44, 46, 47, 48.

Have a Mathematical week,
From Jackie Dalton and the Maths Faculty Staff
FROM THE HSIE FACULTY

7 Geography excursion to Sydney Aquarium and Wildlife World

Despite the rain, the year 7 Geography excursion last Friday to Sydney Aquarium and Wildlife world was a big hit. Some students had been there previously, but for others the visit was a first time experience. However, everyone agreed that it was the kind of place you can visit over and over and still see new things each time. One student even commented that the booklet that had to be completed throughout the excursion was great as it helped to focus your attention and look for things you might otherwise miss.

Rex the saltwater croc was the favorite at the Wildlife World, particularly when the students realised that his tank also had 4 teeth lying on the bottom. Students also enjoyed the butterfly enclosure, the Australian animals, the nocturnal animals and the geckos.

At the aquarium, the dugongs were unfortunately absent from viewing due to being stressed from the public works that were occurring on the waterfront. But, there were so many other things to see and enjoy. The students enjoyed the serenity of being able to walk through the fish tanks and have fish, stingrays and sharks swim overhead, although some received a lesson in nature when a fish was eaten by a shark. The tactile area where students were able to handle some sea creatures and objects was a big hit. The biologists on hand commented that they were receiving heaps of questions from very interested students.

We had a fantastic turnout (thankyou to all the students who got their money in on time) with 165 students plus Mr Barons, Mrs Middleton, Ms Medina, Mr Weingarth, Ms Greer, Mr Knowles, Ms Parker and support teachers Ms Fakhouri and Mr Pinson.

### Just Saying...

"The journey of a thousand miles begins with one step."

- Lao Tzu
MyDay is your day at CSU

Do you want a career that:
- is challenging yet secure?
- can take you from outback communities to international cities?
- gives back to the community?
- can change someone’s life?

Experience what it would be like to undertake study in the criminal justice or policing fields @ MyDay Bathurst

Our cutting edge teaching facilities, industry links and highly qualified staff help you develop the skills needed to be a sought after graduate.

A CSU degree can take you all over the world before you even graduate!
Travel and study through various CSU Global programs in destinations including North America, Europe and Asia.

When: Tuesday 1 July, 2014
11am – 2pm
2pm – 3pm Optional Campus Tour
Where: Charles Sturt University – Bathurst
Panorama Ave
Dress: Casual clothing

Please note that it is a requirement that enclosed footwear be worn on the day

Food: BYO or food and beverages can be purchased from the on campus food outlets

Find out more about our Policing courses @
www.csu.edu.au/courses

Did you know?
- You can gain employment with NSW Police whilst finishing your Bachelor of Criminal Justice (Policing) degree.
- Studying criminal justice can lead to careers in: corrections, probation and parole; working with offenders & families; juvenile justice; justice research and policy making.

See your Careers Advisor for a Registration Form or register your interest at:

FROM THE FACULTY OF PRACTICAL PROBLEM SOLVERS

Year 10 Graphics Technology – Garage Modelling
Recently Year 10 Graphics Technology students have been applying their CAD skills in the field of architecture – getting their heads around how to use a program design for products and adapting it for designing buildings. Students began with some general measurements to go by prior to going off and designing their own unique ‘sheds’. Students have been encouraged to even include the detail of rafters in the roof!

Below are some work samples:

Year 9 Graphics Technology – Isometric Drawing

Year 9 students have been given a brief to ‘pimp their ride’ in adding details to a standard small car design and have proved quite creative in their approach:

Mr Sanders – Industrial Arts

**SHAUN TAN’S RED TREE**

This term Year 8 have been reading and analysing a variety of picture books. Within the last few weeks, **8EE** have been reading ‘The Red Tree’ by Shaun Tan. The story follows the journey of a young girl who struggles to find a sense of hope and happiness, but ultimately discovers that it has been waiting for her where she began. Students of 8EE were asked to recreate the narrative of ‘The Red Tree’. Here are some examples:

**The Red Tree**

Sometimes the day begins with everything to look forward to,
And things go from good to amazing.
Sunshine overcomes you.
Everyone and everything understands you.
The world has open ears.
With knowledge and smiles,
Sometimes when you wait,
And wait and wait,
Fantastic things arrive.
Your problems and troubles fade away.
Exciting and wonderful opportunities fill your life.
Terrible fates disappear.

Sometimes everything falls into place. You find who you are and where you’re supposed to be.
The day seems to end the way it began, Bright and bubbly,
And suddenly you discover your place in this mysterious, Unknown, wonderful world,
Just as you had always hoped.

By Mia Maguire
The Red Tree
Sometimes the day begins with everything
to look forward to,
And things go from good to better.
Happiness brightens your day.
Everything is going your way.
The world is an open book with sense and feeling.
Sometimes you scream and shout,
And run and jump,
And skip and hop,
And sing and spin,
So your happiness creates a rainbow.
Then all your troubles fly out the window.
Sadness and sorrow are rushing past you,
But your dream is in your grasp.
Sometimes it feels like the world belongs to you.
Your happiness brightens everyone’s day,
And life makes so much sense,
And then your beautiful day comes to a close.
Positivity is flowing through your body,
Happy and alive,
Cheerily waiting,
Kissing you good night.

By Emily Deschacht

The Red Tree
Always, the day begins with lots of things
to look forward to,
And things go from great to absolutely amazing.
Happiness overtakes,
Everybody wants to know.
The world is a wonderful place with sense and reason.
I became happier and stronger,
And happier and stronger,
And happier and stronger,
Until I was on top of the world.
All good things come in time,
And when they do come you are blown away.
Most of the time you are just overwhelmed,
And you forget who and where you are.
As the day ends, you settle down,
With happiness coursing through your veins and everything is quiet.
Very quiet,
And you wonder, what will tomorrow bring?

By Aaron Morden
The Evergreen Tree
The days are breathtaking fireworks.
It begins with tiny lights that crackle, fizzle
and explode in space.
And the blazing sun bathes you in its
warm rays.
You listen to the birds who sing the most
beautiful music,
And they listen back.
Without sense or reason,
You just love to laugh and sing,
And dance and shout,
And beam and gleam,
And then you begin to shine.
Then everything happens all at once,
And the world goes in slow motion,
Because you are going too fast.

Then you wonder what you’re supposed
to do,
Or who you are meant to be, or where
you are.
Then you dream,
You can bask in the shining light.
Be who you want, doesn’t matter what it
is.
Because everything you ever wanted is
right here,
Dancing in time with the wind,
Waving at the sun.
The Evergreen Tree.

By Vada Agustin

International English Competition
Notes have been issued to the Gifted and Talented classes and it is pleasing to see so
many students in other classes willing to take up the challenge. The English Test is an
opportunity for students and parents to gain a measure of achievement in an external
situation and provides comprehensive reporting. The documents and certificates are
also suitable for inclusion in a portfolio.
So, think about this worthwhile opportunity and pick up a letter from your English
teacher and enter the competition.

Final date for payment ($8.00) is 22 July 2014.

Mrs Coffey
Head Teacher English

DRAMA at the FARMS
Congratulations, to our Junior Drama Ensemble and Year 10 Drama students on their day of
auditions for the Celebrating the Arts Festival. Best of luck for the Western Sydney Region Drama
Festival auditions coming up this week.
Well done to our HSC Drama students on their successful two nights of performances for Stage 1 of
their Group Performance and Individual Projects. Audiences were thoroughly impressed and I was
pleased with the effort and engagement of our student performers and designers. Well done guys.
TELLING THEIR STORIES 2.0

GEN D
-TOMORROW'S SAFER DRIVER

18 JUNE 2014

FREE EVENT AT EVENT CINEMAS CASTLE HILL

FOR MORE INFO AND BOOKINGS EMAIL

Kara at AusSIP
kara.oliver@aussip.com.au
Agriculture has become one of the favourite subjects in the Support Unit. Attempts have been made over the past to grow a vegetable garden at the Ag plot which had to face challenges such as the cockatoos from above and chickens from below diminishing some of our efforts.

In order to ‘fight’ these challenges, students from the Support Unit are working hard to build their very own ‘vegetable houses’ ensuring that no future crops will be lost. Students enjoy the practical skills of sawing, hammering, sanding and putting everything together.

‘School-grown’ vegetables should come your way soon.

Ms Rawat (Agriculture Teacher)
GEN D
-TOMORROW’S SAFER DRIVER

PRESENTED BY EVENT CINEMAS AND YOUTHSAFE

The Gen D – Tomorrow’s Safer Driver initiative will support young people by providing them with practical strategies to reduce the risk of having a crash while driving.

Worldwide, road trauma is the highest cause of death and injury amongst young people aged 15 to 29. Each year in NSW, over 100 young people die in road crashes and a further 5,000 are injured.

Using an interactive stage play format, students will be engaged, entertained and informed about road safety.
Topics in the Gen D – Tomorrow’s Safer Driver program include;
- Exploring road safety globally
- Learning how to apply the ‘Road Rules’ in the real world
- Understanding the ‘why’ behind the 120 hour logbook
- Discussing safe driving behaviours
- Gaining insight into the NSW Driving Test

The program takes a fresh new approach to address the key road safety issues confronting young people, while being strongly grounded in current research and best practice methodology.

Date: 18 June, 2014
Time: 9.30am – 12.30pm
Location: Event Cinemas Castle Hill

To book students into Gen D – Tomorrow’s Safer Driver program contact AusSip via email kara.oliver@aussip.com.au

This session is developed for school students of licensing age and supports Stage 5 & 6 of the NSW PDHPE curriculum. In addition, separate sessions will be available for parents and teachers which aim to provide knowledge, skills and confidence to assist their young drivers to manage risk.
LIVE & STUDY OVERSEAS

this summer

Exchange programs departing:
November - 3 or 2.5 months
December - 2 months
January - 5 or 10 months

This could be you ... with host family

... with new friends
... at school
